TENERIFE GROWN BERMUDA ONION SEED:
We believe the reports of small plantings worthy of credence so we feel that early contracting will be of advantage. Let us quote on Red and Yellow Bermuda and Crystal Wax.

GENUINE SWEET SPANISH VALENCIA ONION SEED: We bring to your special attention our very fine Imported Seed. Years of use have proved it is superior—larger Onions, less culls, maximum resistance to thrip. If you have very particular Onion growers, recommend this seed.

TURNIP, SAKATA'S FOLIAGE (IMPROVED SHOGOIN): The crop of this popular variety was very short. We offer a limited quantity of carried over seed germinating 95%. Our holdings are very small.

ALL-DOUBLE PETUNIAS

SAKATA'S ALL-DOUBLE GIANT FRINGED STRAINS represent the highest horticultural accomplishment in this field. Acknowledged by countless testimonials to be 100% double, of stocky, healthy habit, and profuse bloom, little can be added. Flowers frequently exceed five inches in diameter and are exquisitely ruffled and fringed in a vast range of brilliant and intermediate colors. Being real money makers, they are in strong demand by florists. There are two strains:
